

PROGRAM GUIDELINES

The Full Potential Scholarship was created to help support promising Canadian students with learning disabilities and gifts in their pursuit of postsecondary education.

Here's what you need to know.

NUMBER, VALUE, AND DURATION OF SCHOLARSHIPS

Twenty (20) entrance scholarships, valued at \$1000 Canadian per year, are available to eligible students with learning disabilities and gifts. Scholarships are available for bachelor or diploma-level programs and can be renewed for up to four (4) years or until you earn your first bachelor's degree or first diploma.

Learning disability and/or gift: A persistent impairment in literacy and/or math. It is a disorder that affects people's ability to either interpret what they see and hear or link information from different parts of the brain. These include, but are not limited to, dyslexia, dyscalculia, dysgraphia, and dyspraxia.

VIRTUAL TUTORING SUPPORT

In addition to tuition support, the scholarship program provides its recipients with **mandatory** virtual tutoring support valued at \$5000 Canadian over the course of the scholarship tenure as follows:

Bachelor's degree

Year 1: 40 hours

Year 2: 30 hours

Year 3: 20 hours

Year 4: 10 hours

Diploma

Year 1: 50 hours

Year 2: 50 hours

If selected as a recipient, virtual tutoring support hours must be used by **April 30** of the school

year. The expectation is that you use these hours by booking with one of the vetted tutors through the scholarship program. **Note: You cannot miss more than two tutoring sessions each term (without rescheduling at least 24 hours before session time) or your scholarship will not be renewed the following year.**
